PROFESSIONAL SUMMARY

Finance & Investment professional at MCDR (Egypt's central securities depository) with hands-on capital markets exposure across EGX, CBE, and FRA frameworks; differentiated by three live institutional-grade platforms — a 7-module M&A engine, a sell-side valuation suite, and a fully-linked 3-statement model — built and stress-tested on Egyptian deal mechanics. FMVA®-certified and CFA Level 1 Candidate. Targeting M&A advisory, ECM, or DCM analyst roles across Egypt and the GCC.

EDUCATION

Georgia State University Joint Program with Cairo University **Giza, Egypt**
2020 – 2024
Bachelor of Finance and Investment, Major in Finance & Investment

- **Graduation Project:** Authored “Green Finance & Sustainable Capital Markets” — analyzed ESG-linked instruments and sustainable financing frameworks applicable to emerging-market capital raises and EGX issuance.
- **Relevant Coursework:** Corporate Finance, Financial Statement Analysis, Investments, Capital Markets, Financial Modeling, and Econometrics.

EXPERIENCE

MCDR – Misr for Central Clearing, Depository and Registry **Cairo, Egypt**
November 2024 – Present
Financial Officer

- Monitored institutional investment portfolios against EGX, CBE, and FRA regulatory thresholds, building deep fluency in the Egyptian capital markets framework critical to cross-border deal execution.
- Prepared and analyzed standalone financial statements under EAS, isolating value drivers and KPIs directly applicable to M&A due diligence, equity research, and credit underwriting.
- Executed financial reconciliations and internal-controls reviews across multi-entity ledgers, building the analytical rigor transferable to buy-side and sell-side due diligence workstreams.
- Built Python- and Excel-based financial models with scenario analysis, sensitivity tables, and stress testing, replicating core IB analyst workflows used in DCF, LBO, and merger modeling.
- Partnered with external auditors through full-cycle compliance reviews, gaining direct exposure to EAS- and IFRS-aligned disclosure practices relevant to capital markets transactions and IPO readiness.

UFC GYM

Senior Customer Service & Sales Representative **Sheikh Zayed, Giza**
July 2022 – July 2023

- Drove consultative membership sales and high-touch client service to a premium member base, sharpening the communication and stakeholder-management skills essential to IB pitch and coverage work.
- Managed retention of high-value member accounts and resolved service escalations end-to-end, demonstrating the discretion, accountability, and judgment required in client-facing finance.
- Mentored junior representatives in sales fundamentals and member engagement, building early team-leadership exposure relevant to deal-team collaboration.

PROJECTS

VALOR M&A Engine — Full-Stack M&A Analysis Platform March 2026

- Built an institutional-grade M&A engine with 7 integrated modules (merger modeling, LBO, accretion/dilution, synergy quantification, fairness opinion) calibrated to Egyptian capital markets law — CBE rates, FRA, ECA thresholds, EAS No. 19, Stamp Tax Law No. 111/1980 — with 83/83 automated financial tests passing.

WOLF Valuation Engine — Full-Stack Financial Analysis Platform February 2026

- Engineered a sell-side valuation platform integrating DCF, Comparable Company Analysis, DDM, Altman Z-Score, Piotroski F-Score, DuPont, and EVA with automated PDF/Excel export; 202+ verified calculation outputs validated against a TechCorp Industries benchmark case (WACC 25.84%, blended valuation 55.72 EGP/share).

3-Statement Financial Model Engine — Full-Stack Financial Modeling Platform February 2026

- Developed a fully-linked 3-statement model projecting 5 years across Base / Optimistic / Conservative scenarios with a circular-reference iterative solver achieving complete balance-sheet reconciliation; rebuilt the interest-rate architecture to a period-indexed schedule reflecting Egyptian corporate borrowing rates (29.5% on 2024 debt, 24.5% on 2025) — directly applicable to IB deal modeling and LBO structuring.

COURSES & CERTIFICATES

CFA Institute — CFA Level 1 Candidate	<i>In Progress</i>
